The not so small print.

All submissions, of no more than four prints, must be received on or before 1st September 2015. Any that arrive after this date will not be in the book.

Put your real name, not your FADU name, on the back of each print and number them as above. Leave a suitable border around the image area to allow for handling.

Don't submit anything bigger than A4 and remember to include this form.

At least one of your photographs will be in the book, but Les has the final word.

Prints will not be returned. Copyright remains with the photographer but you grant unlimited use in connection with this FADU yearbook. Please provide copies of any model release forms with your submissions.
